Atlanta, April 10, 2018 --- Invesco Ltd. (NYSE: IVZ) today reported preliminary month-end assets under management (AUM) of \$934.2 billion, a decrease of 1.2% month over month. The decrease was driven by unfavorable market returns, lower money market AUM, net long-term outflows (excluding reinvested distributions), and non-management fee earning AUM outflows; partially offset by foreign exchange and reinvested distributions. FX increased AUM by \$2.4 billion. Preliminary average total AUM for the quarter through March 31 were \$951.3 billion, and preliminary average active AUM for the quarter through March 31 were \$747.1 billion.
