

# **CITRIX CLOUD PERSONAL DEVICES REFERENCE GUIDE**

#### **BACKGROUND INFORMATION**

Citrix Cloud provides access to Invesco's network and systems when working from a remote location on your personal Windows PC, Mac, or smart devices. This document describes the process of installing the required software and logging in. *Note*: You must be enrolled with Duo Multi-factor Authentication (Duo MFA) to use the Citrix Cloud portal.

### We recommend using the latest Chrome browser for both Windows and Mac.

## Windows PC and Mac

To use Citrix Cloud on your personal Windows PC/Mac, first install the latest Citrix Workspace App (2405 or later) with TEAMS VDI Plug-In.

<u>For Skype Business Partners ONLY</u>: On Windows/Mac, install the latest Citrix Workspace App and then HDX RealTime Media Engine. This allows Skype calls to function properly.

# After installing the required software, navigate to <u>access.invesco.com</u> from outside Invesco network, click **Citrix Workspace Installed**.

Enter your email address for Microsoft Sign-In, then log in using your name and Password (the same information you use to login to your Invesco PC).

Microsoft Sign in	The second second	A Invesco	
<your address="" email="" invesco=""> Can't access your account?</your>		Sign in with your userid	
Next		Password	
		Sign in	
🔍 Sign-in options		© 2013 Microsoft	

You will then authenticate through Duo, which will pop-up provided your credentials have been correctly entered and you have an active Duo account.

Once Duo authentication is successful, if prompted, click **Detect Workspace**. Then **OPEN**<sup>(1)</sup>. Optionally, you may check to allow invesco.cloud.com to open links. Then **Already installed**<sup>(2)</sup>.

## **Mobile Devices**

Like Windows/Mac, to use Citrix Cloud on your personal mobile device, you need to install the latest Citrix Workspace from your device application store:

- iOS: Apps Store
- Android: Play Store
- ChromeOS: Web Store

After installing the software, open Citrix Workspace

- 1. Enter *invesco.cloud.com* as the Store URL
- 2. Enter your Invesco email address to sign into Microsoft
- 3. Enter your Invesco email/password to login to Invesco
- 4. Then authenticate through Duo
- 5. Once authenticated, you should see similar screen like below (iOS shown)

#### **Citrix Cloud Options**

Once logged in, the portal will show all your assigned Desktop(s). Click **Apps** to view your applications.

		Q Search Workspace		
Good afternoon, Monday, January 29, 2024				
Apps Desktops	•			
0 - NA Desktop IT Primary	Invesco Published CLOUD Desktop			

**Invesco Published Cloud Desktop:** This option provides a Windows 11 Desktop with Office 365 and network shares access (such as OneDrive). Use this option when you need to work without the need of unique applications/files you may have installed/saved on your Invesco-issued laptop. When you're finished, click **Start, <your name>**, then **Sign Out** 

My Office PC Desktop (optional): This launches a direct session to your office desktop PC

NA Desktop IT icons (optional): These icons launch a direct session to your assigned VM

**Remote Desktop Connection\_V2:** This launches a Citrix version of Remote Desktop Connection, which allows you to connect to a remote host. Use this option when you need access to a remote server. When finished, click Start then Logoff.

*Note*: Not to be used on Invesco-issued laptop/desktop and you need to know the remote computer name.

You can change display settings to full screen mode by navigating to Options>Display. Then move the slider to your desired display size.

# Skype Specific Requirement - Citrix HDX RealTime Media Engine

For Skype for Business calls to function properly, Citrix HDX RealTime Media Engine must be installed on personal PC/Mac.

On your personal PC/Mac: Install the latest Workspace App first, then install HDX Media Engine.
