Manager's report

Invesco Belt and Road Bond Fund For the year ended 31 March 2022

Investors in general were still concerned over the COVID impact on economies and markets in 2021. However, the market didn't react too much to the different waves of COVID spreading in the various parts of the world. In the EM hard currency bond market, the easy liquidity condition had kept spreads at relatively tight levels. China HY bonds underperformed in 2021. This was caused by the deeply distressed China property space. There were many credit events and rating downgrade actions in the China property sector in the past year. However, markets were caught by surprises in 1Q2022 where higher inflationary pressures pressing the FED to tighten monetary policies much faster than expected and the war in Ukraine sent risk asset prices plummeting. Duration bonds underperformed as US treasury yields surged significantly. While major developed economies started to tighten the monetary policies, the PBoC in China is in the easing cycle to combat the economic growth slowdown. Commodity prices performed strongly along with related sovereign/corporate issuers, especially after the outbreak of Russia Ukraine war.

We see that China remains firmly committed to the Belt and Road initiative in the long-term. The Belt and Road Initiative ("BRI") continues to attract attentions around the globe in 2021. As of end 2021, 145 countries and 32 international organizations signed more than 200 cooperation agreements with China on B&R projects. After actively providing medical supports to Belt and Road countries in 2020, China continued to promote the health silk road in 2021. In May 2021, President Xi proposed that China would provide additional USD 3 billion in international aid to other developing countries over the next three years to support combating COVID-19 and facilitate economic and social recoveries. We continue to hold the view that China's cooperation with the Belt and Road countries on fighting virus would build better foundation for further BRI cooperation in the future. The pace of investing into Belt and Road region did not slow down despite the COVID situation. In 2021, China's non-financial outward direct investment into Belt and Road countries rose by 14% YoY. The infrastructure network continued to improve in the Belt and Road region. The number of trips of China-Europe freight train services continued to trend upwards, and multiple new routes were launched in 2021. China also continued to promote sustainable developments in the Belt and Road region in 2021 by helping to contain debt levels for some participant countries and further improving the transparency and sustainability in the BRI projects. In China, the BRI is still one of the more important policy directions as shown by the support from the top-level government officials. We expect the Chinese government to shift more focus on cooperation with Belt and Road countries with the rising tension between US and China. The China-led RCEP (Regional Comprehensive Economic Partnership) entered into force in the beginning of 2022, which further promotes regional cooperation in the region. We expect more capital flows from China into the Belt and Road countries and more bilateral trades in the Belt and Road region in 2022. We also expect BRI projects to become more economically viable as China increases its efforts to improve the sustainability, transparency and governance in these projects going forward.

We have identified five themes through which bond issuers, both sovereign and corporate, can benefit from the BRI. We continue to see the five themes intact in the medium to longer run. The investments of the fund have always focused on the five themes with active rotation among them. We had slashed China HY exposure very early in 2021 due to the tight valuation and heightened economic slowdown risk at the time. However, the downfall was much larger than the market foresaw. The government policies have bottomed out in China as the downward pressure on growth started to build, but we remain selective and cautious in the near-term. In the medium term, we expect China credits to outperform given their attractive valuation as more easing measures have been and will likely to be introduced. This, in our view, is mainly due to the shift in the policy direction to facilitate economic growth in 2022. We continued to cut down EM HY risk and maintained significant exposure to investment grade bonds. Such strategy has protected the downside compared to general EM funds. We had been overweight in commodity related issuers. We have been adding to our positions in GCC countries as well as other energy exporting issuers, both sovereign and corporate, in Asia/Africa. These positions have provided great performance in our fund in 2021. We cut duration in early 2021 in preparation of higher inflation and the potential duration risks in the fund. Our duration is shorter than general EM funds so higher UST yields will bring out-performance for us. The cash level was kept relatively high given the heightened geopolitical risks and US rate hike pressures. We continue to believe the credit improvements in issuers who benefit from BRI will provide great performance in the medium to long term for our strategy.

Manager's report (continued)

Invesco Global Multi Income Allocation Fund For the year ended 31 March 2022

The Fund's USD Share Class C Accumulation recorded a total return of +0.99% in the reporting period from 1 April 2021 to 31 March 2022 as per Bloomberg data. Our income focus, multi asset strategy has weather the market storm well and allows the Fund to remain diversifying and less volatile than market and with daily volatility of 0.4% or annualised at 6.4% during this period. In particular, the allocation to US broad based quality stock, global infrastructure, REITs and Senior Loan assets have provided extra cushion which allowed it to generate positive returns to offset impact from fixed income instruments as well as ride through the adverse interest rate impact.

There was an abrupt change of tone by the Federal Reserve in terms of price pressure and rate hike which has prompted a series of sell off across assets at the beginning of 2022. Then followed by Russia's invasion of Ukraine which induced an additional uncertainty to energy supply that in turn further aggravate the concern about stagflation. As result, US 10 year bond yield rallied significantly by 82 bps along with negative impact to equity markets during Q1. The performance of developed markets such as US and Japanese equities were on average -5% while Europe was more severe at -10%, as sanction to Russia has direct impact to domestic growth and inflation. The increasingly tight Sino-Russian relationship also triggered a panic sell-off in HK where local stock market dropped by >10% within 2 days but meeting between Ukraine and Russia have help to cool down and reversed some of the effect. Across fixed income space, performance have been negative and around -6% across subset from government, investment grade to high yield bonds.

The fund has maintained on average around 0.9% cash over the reporting period. The fund has also maintained its allocation towards income-oriented assets but with equity like allocation slightly below 35%. During this reporting period, the fund has increased its investment to global infrastructure, international low volatility and US broad based quality stocks while reduced allocation to ESG investment completely. The fund has also increased allocation towards US Treasury, Investment Grade Corporate Bonds, Bank Loans and at the same time reduced High Yield Bonds together with Emerging Market exposure to reduced risk. Despite a volatile interest rate environment, the fund remained investing into Global REITs and Infrastructure securities as both delivered in excess of 15% over this period.

Invesco Global Bond Fixed Maturity Fund 2022

For the period from 1 April 2021 to 28 January 2022 (date of termination)

Investors in general were still concerned over the COVID impact on economies and markets in 2021. However, the market didn't react too much to the different waves of COVID spreading in the various parts of the world. In the EM hard currency bond market, the easy liquidity condition had kept spreads at relatively tight levels. China HY bonds underperformed in 2021. This was caused by the deeply distressed China property space. There were many credit events and rating downgrade actions in the China property sector in the past year. However, markets were caught by surprises in 1Q2022 where higher inflationary pressures pressing the FED to tighten monetary policies much faster than expected and the war in Ukraine sent risk asset prices plummeting. Duration bonds underperformed as US treasury yields surged significantly. While major developed economies started to tighten the monetary policies, the PBoC in China is in the easing cycle to combat the economic growth slowdown. Commodity prices performed strongly along with related sovereign/corporate issuers, especially after the outbreak of Russia Ukraine war.

Our fixed maturity products (FMPs) delivered steady performance despite the heightened volatility in the credit market driven by geopolitical conflict, US rate hikes and credit events in China. Due to the short duration nature, the fund performance is less affected by the volatility in the long-end US treasury rate. The fund adopted consistent overall strategy to look for opportunities to trim lower quality bonds and switch into bonds that are over-penalized during market selloff. However, the fund does not have turnovers as a typical bond fund due to its buy-and-maintain strategy. Both global FMPs matured already in the first quarter of 2022.

Manager's report (continued)

Invesco Asian Bond Fixed Maturity Fund 2022 - III For the year ended 31 March 2022

Investors in general were still concerned over the COVID impact on economies and markets in 2021. However, the market didn't react too much to the different waves of COVID spreading in the various parts of the world. In the EM hard currency bond market, the easy liquidity condition had kept spreads at relatively tight levels. China HY bonds underperformed in 2021. This was caused by the deeply distressed China property space. There were many credit events and rating downgrade actions in the China property sector in the past year. However, markets were caught by surprises in 1Q2022 where higher inflationary pressures pressing the FED to tighten monetary policies much faster than expected and the war in Ukraine sent risk asset prices plummeting. Duration bonds underperformed as US treasury yields surged significantly. While major developed economies started to tighten the monetary policies, the PBoC in China is in the easing cycle to combat the economic growth slowdown. Commodity prices performed strongly along with related sovereign/corporate issuers, especially after the outbreak of Russia Ukraine war.

Our Asia fixed maturity products (FMPs) have had some drop in NAV's. This is mainly due to the huge selloff seen in the China HY space, triggered by credit events and rating downgrades. However, the funds actively trimmed down issuers with higher idiosyncratic risks and the China HY exposure was cut down throughout the past year. The funds outperformed major Asia and China credit indices over the past year given the conservative positioning. Due to the short duration nature, the fund performance is also less affected by the volatility in the long-end US treasury rate. The funds are positioned conservatively now, and we foresee potential credit improvements in Chinese credits given the easier monetary policy in the country. We expect the fund performance will be largely stable in the coming months. The overall strategy is not to trade frequently for the fund, but the fund will look for opportunities to trim lower quality bonds and switch into bonds that are over-penalized during market selloff. However, the fund will not have turnovers as a typical bond fund due to its buy-and-maintain strategy.

Report on the Audit of the Financial Statements

Opinion

What we have audited

The financial statements of Invesco Belt and Road Bond Fund, Invesco Global Multi Income Allocation Fund and Invesco Asian Bond Fixed Maturity Fund 2022 - III for the year ended 31 March 2022, Invesco Global Bond Fixed Maturity Fund 2022 for the period from 1 April 2021 to 28 January 2022 (date of termination), Invesco Global Bond Fixed Maturity Fund 2022-II for the period from 1 April 2021 to 15 March 2022 (date of termination), Invesco Asian Bond Fixed Maturity Fund 2021 - II for the period from 1 April 2021 to 27 August 2021 (date of termination), Invesco Asian Bond Fixed Maturity Fund 2021 - III for the period from 1 April 2021 to 29 September 2021 (date of termination), Invesco Asian Bond Fixed Maturity Fund 2021 - IV for the period from 1 April 2021 to 3 November 2021 (date of termination), Invesco Asian Bond Fixed Maturity Fund 2021 - V for the period from 30 November 2020 (date of inception) to 3 December 2021 (date of termination), Invesco Asian Bond Fixed Maturity Fund 2021 - VI for the period from 28 December 2020 (date of inception) to 29 December 2021 (date of termination), Invesco Asian Bond Fixed Maturity Fund 2022 - IV for the period from 25 January 2021 (date of inception) to 28 January 2022 (date of termination), Invesco Asian Bond Fixed Maturity Fund 2024 for the period from 5 February 2021 (date of inception) to 31 March 2022, Invesco Asian Bond Fixed Maturity Fund 2022 - V for the period from 4 March 2021 (date of inception) to 7 March 2022 (date of termination), and Invesco Asian Bond Fixed Maturity Fund 2022 - VI for the period from 26 March 2021 (date of inception) to 29 March 2022 (date of termination) (the "relevant periods") and as at 31 March 2022 for Invesco Belt and Road Bond Fund, Invesco Global Multi Income Allocation Fund Invesco Asian Bond Fixed Maturity Fund 2022 - III and Invesco Asian Bond Fixed Maturity Fund 2024, as at 28 January 2021 for Invesco Global Bond Fixed Maturity Fund 2022, as at 15 March 2022 for Invesco Global Bond Fixed Maturity Fund 2022-II, 27 August 2021 for Invesco Asian Bond Fixed Maturity Fund 2021 - II, as at 29 September 2021 for Invesco Asian Bond Fixed Maturity Fund 2021 - III, as at 3 November 2021 for Invesco Asian Bond Fixed Maturity Fund 2021 - IV, as at 3 December 2021 for Invesco Asian Bond Fixed Maturity Fund 2021 - V, as at 29 December 2021 for Invesco Asian Bond Fixed Maturity Fund 2021 - VI, as at 28 January 2022 for Invesco Asian Bond Fixed Maturity Fund 2022 - IV, 7 March 2022 for Invesco Asian Bond Fixed Maturity Fund 2022 - V and as at 29 March 2022 for Invesco Asian Bond Fixed Maturity Fund 2022 - VI (the "relevant period end dates") (each a separate sub-fund of Invesco Trust Series and referred to individually or collectively as the "Sub-Funds"), which are set out on pages 131 to 319, comprise:

- the statement of financial position as at the relevant period end dates;
- the statement of comprehensive income for the relevant periods;
- the statement of changes in net assets attributable to unitholders for the relevant periods;
- the statement of cash flows for the relevant periods; and
- the notes to the financial statements, which include significant accounting policies and other explanatory information.

Our opinion

In our opinion, the financial statements give a true and fair view of the financial position of each of the Sub-Funds as at the relevant period end dates, and of each of their financial transactions and each of their cash flows for the relevant periods in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

Invesco Trust Series

Independent Auditor's Report

To the unitholders of Invesco Belt and Road Bond Fund, Invesco Global Multi Income Allocation Fund, Invesco Global Bond Fixed Maturity Fund 2022, Invesco Global Bond Fixed Maturity Fund 2022-II, Invesco Asian Bond Fixed Maturity Fund 2022 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - II, Invesco Asian Bond Fixed Maturity Fund 2021 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - IV, Invesco Asian Bond Fixed Maturity Fund 2021 - V, Invesco Asian Bond Fixed Maturity Fund 2021 - VI, Invesco Asian Bond Fixed Maturity Fund 2022 - IV, Invesco Asian Bond Fixed Maturity Fund 2024, Invesco Asian Bond Fixed Maturity Fund 2022 - V and Invesco Asian Bond Fixed Maturity Fund 2022 - VI (continued)

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Sub-Funds in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

Emphasis of Matter

We draw your attention to Note 2 to the financial statements which states that Invesco Global Bond Fixed Maturity Fund 2022, Invesco Global Bond Fixed Maturity Fund 2022 - II, Invesco Asian Bond Fixed Maturity Fund 2022 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - II, Invesco Asian Bond Fixed Maturity Fund 2021 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - IV, Invesco Asian Bond Fixed Maturity Fund 2021 - V, Invesco Asian Bond Fixed Maturity Fund 2021 - VI, Invesco Asian Bond Fixed Maturity Fund 2022 - IV, Invesco Asian Bond Fixed Maturity Fund 2022 - V and Invesco Asian Bond Fixed Maturity Fund 2022 - VI will be matured on 28 January 2022, 15 March 2022, 26 August 2022, 27 August 2021, 29 September 2021, 3 November 2021, 3 December 2021, 29 December 2021, 28 January 2022, 7 March 2022 and 29 March 2022 respectively and the Manager will terminate these Sub-Funds upon maturity. As a result, the financial statements of these Sub-Funds have been prepared using the liquidation basis of accounting. Our opinion is not modified in respect of this matter.

Other Information

The manager of the Sub-Funds (the "Manager") is responsible for other information, except the report of the trustee to the unitholders for which the trustee of the Sub-Funds (the "Trustee") is responsible to issue. The other information comprises all of the information included in the annual report other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Invesco Trust Series

Independent Auditor's Report

To the unitholders of Invesco Belt and Road Bond Fund, Invesco Global Multi Income Allocation Fund, Invesco Global Bond Fixed Maturity Fund 2022, Invesco Global Bond Fixed Maturity Fund 2022-II, Invesco Asian Bond Fixed Maturity Fund 2022 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - II, Invesco Asian Bond Fixed Maturity Fund 2021 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - IV, Invesco Asian Bond Fixed Maturity Fund 2021 - V, Invesco Asian Bond Fixed Maturity Fund 2021 - VI, Invesco Asian Bond Fixed Maturity Fund 2022 - IV, Invesco Asian Bond Fixed Maturity Fund 2024, Invesco Asian Bond Fixed Maturity Fund 2022 - V and Invesco Asian Bond Fixed Maturity Fund 2022 - VI (continued)

Responsibilities of the Manager for the Financial Statements

The Manager is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA, and for such internal control as the Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager is responsible for assessing the Sub-Funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Sub-Funds or to cease operations, or has no realistic alternative but to do so.

In addition, the Manager is required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the trust deed dated 30 June 2015, as amended and supplemented by seven supplemental deeds dated 13 February 2018 (first supplemental deed), 18 September 2018 (second supplemental deed), 14 June 2019 (third supplemental deed), 15 August 2019 (fourth supplemental deed), 26 September 2019 (fifth supplemental deed) and 18 December 2019 (sixth and seventh supplemental deed) respectively, as further amended and restated by way of a supplemental deed dated 31 December 2019, and further amended and supplemented by six supplemental deeds dated 17 June 2020 (eighth to thirteenth supplemental deed) respectively, another supplemental deed dated 10 November 2020 (fourteenth supplemental deed) and a further series of six supplemental deeds dated 7 January 2021 (fifteenth to twentieth supplemental deed) respectively (collectively, the "Trust Deed") and Appendix E of the Code on Unit Trusts and Mutual Funds issued by the Hong Kong Securities and Futures Commission (the "SFC Code").

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Funds have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and Appendix E of the SFC Code.

Invesco Trust Series

Independent Auditor's Report

To the unitholders of Invesco Belt and Road Bond Fund, Invesco Global Multi Income Allocation Fund, Invesco Global Bond Fixed Maturity Fund 2022, Invesco Global Bond Fixed Maturity Fund 2022-II, Invesco Asian Bond Fixed Maturity Fund 2022 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - II, Invesco Asian Bond Fixed Maturity Fund 2021 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - IV, Invesco Asian Bond Fixed Maturity Fund 2021 - V, Invesco Asian Bond Fixed Maturity Fund 2021 - VI, Invesco Asian Bond Fixed Maturity Fund 2022 - IV, Invesco Asian Bond Fixed Maturity Fund 2024, Invesco Asian Bond Fixed Maturity Fund 2022 - V and Invesco Asian Bond Fixed Maturity Fund 2022 - VI (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Funds' internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Funds to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager and the Trustee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Matters under the Relevant Disclosure Provisions of the Trust Deed and Appendix E of the SFC Code

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and Appendix E of the SFC Code.

Invesco Trust Series

Notes to the financial statements

1 General information

Invesco Trust Series (the “Trust”) is a unit trust established as an umbrella fund under the laws of the Hong Kong by a trust deed dated 30 June 2015, as amended by seven supplemental deeds dated 13 February 2018 (first supplemental deed), 18 September 2018 (second supplemental deed), 14 June 2019 (third supplemental deed), 15 August 2019 (fourth supplemental deed), 26 September 2019 (fifth supplemental deed) and 18 December 2019 (sixth and seventh supplemental deed) respectively, as further amended and restated by way of a supplemental deed dated 31 December 2019, and further amended and supplemented by six supplemental deeds dated 17 June 2020 (eighth to thirteenth supplemental deed) respectively, another supplemental deed dated 10 November 2020 (fourteenth supplemental deed) and a further series of six supplemental deeds dated 7 January 2021 (fifteenth to twentieth supplemental deed) respectively (collectively, the “Trust Deed”) and managed by Invesco Hong Kong Limited (the “Manager”). The Trust and the Sub-Funds have been authorised by the Securities and Futures Commission of Hong Kong under section 104(1) of the Hong Kong Securities and Futures Ordinance and are required to comply with the Code on Unit Trusts and Mutual Funds issued by the Securities and Futures Commission of Hong Kong.

The Trust is an umbrella fund with one or more sub-funds. Each sub-fund will have its own separate and distinct investment policy. As at 31 March 2022, the Trust has established twenty sub-funds - Invesco Belt and Road Bond Fund (launched on 1 March 2018), Invesco Global Multi Income Allocation Fund (launched on 2 October 2018), Invesco Global Bond Fixed Maturity Fund 2022 (launched on 29 July 2019), Invesco Global Bond Fixed Maturity Fund 2022-II (launched on 9 September 2019), Invesco Asian Bond Fixed Maturity Fund 2022 (launched on 28 October 2019), Invesco Asian Bond Fixed Maturity Fund 2022-II (launched on 20 January 2020), Invesco Asian Bond Fixed Maturity Fund 2022-III (launched on 24 February 2020), Invesco Asia Bond Fixed Maturity Fund 2021-I (launched on 21 July 2020), Invesco Asia Bond Fixed Maturity Fund 2021-II (launched on 27 August 2020), Invesco Asia Bond Fixed Maturity Fund 2021-III (launched on 28 September 2020), Invesco Asian Bond Fixed Maturity Fund 2021-IV (launched on 29 October 2020), Invesco Asian Bond Fixed Maturity Fund 2021 - V (launched on 30 November 2020), Invesco Asian Bond Fixed Maturity Fund 2021 - VI (launched on 28 December 2020), Invesco Asian Bond Fixed Maturity Fund 2022 - IV (launched on 25 January 2021), Invesco Asian Bond Fixed Maturity Fund 2024 (launched on 5 February 2021), Invesco Asian Bond Fixed Maturity Fund 2022 - V (launched on 4 March 2021-), Invesco Asian Bond Fixed Maturity Fund 2022 - VI (launched on 26 March 2021), Invesco Asian Bond Fixed Maturity 2022 - VII (launched on 29 April 2021), Invesco Asian Bond Fixed Maturity 2022 - VIII (launched on 31 May 2021) and Invesco Asian Bond Fixed Maturity 2022 - IX (launched on 28 June 2021) (each a “Sub-Fund” and together the “Sub-Funds”) (2021: seventeen).

The Sub-Funds included in these financial statements and the investment objective of each Sub-fund are as below.

Investment strategy

Invesco Belt and Road Bond Fund

The Sub-Fund is a thematic product which aims to achieve long-term total returns in terms of both income and capital by investing primarily in debt securities whose issuers, guarantors and/or domiciled countries could or would directly or indirectly benefit from China’s Belt and Road vision of increasing land and sea paths to connect Asia, Europe, Middle East and Africa and their adjacent seas (the “Belt and Road Region”) for closer economic co-operation (the “Belt and Road Initiative”).

The Sub-Fund will invest primarily (i.e. at least 70% of its net asset value (“NAV”)) in (i) government bonds of developing countries along the Belt and Road Region; and (ii) non-government bonds of both developed and developing countries along the Belt and Road Region.

Invesco Trust Series

Notes to the financial statements

1 General information (continued)

Investment strategy (continued)

Invesco Global Multi Income Allocation Fund

The Sub-Fund seeks to primarily generate income with a secondary objective of generating growth of capital. The Sub-Fund gains exposure to global fixed income and global equity securities by investing directly into markets and/or through investments in exchange traded funds ("ETFs") or collective investment schemes (collectively, the "Underlying Schemes"). The Sub-Fund will also gain exposure indirectly through investments in the Underlying Schemes to other asset classes including, but not limited to, real estate investment trusts ("REITS"), private equity, hedge fund strategies and commodities.

The Sub-Fund may invest in a selection of Underlying Schemes managed by Invesco group companies or third-party investment managers. The value of the Sub-Fund's holding of each Underlying Scheme may not exceed 10% of its NAV.

It is not intended that the Sub-Fund will invest in synthetic ETFs and leveraged or inverse products.

Typically, the Sub-Fund's indicative allocation is to invest 40%-70% of its Net Asset Value ("NAV") directly or indirectly in global fixed-income securities such as government bonds, corporate bonds, preferred securities, bank loans, mortgage-backed securities ("MBS") and asset-backed securities ("ABS"), 30%-40% of its NAV directly or indirectly in global equity securities and no more than 20% of its NAV indirectly in other asset classes. The Sub-Fund's exposure to bank loans will be gained indirectly through ETFs and will not exceed 10% of the Sub-Fund's NAV.

Invesco Global Bond Fixed Maturity Fund 2022

The Sub-Fund aims to generate income throughout the investment period and return the initial investment capital upon maturity (for the avoidance of doubt, the Sub-Fund is not a guarantee or capital protected product). The Sub-Fund seeks to achieve its investment objective by providing unitholders with exposure to a buy-and-hold portfolio of the United States Dollar ("USD") denominated global fixed income instruments with active risk monitoring and primarily investing in investment grade fixed income instruments over a fixed investment period of 2.5 years from the close of the initial offer period, which is from 15 July 2019 to 26 July 2019, up to the Sub-Fund's maturity date, which is 28 January 2022.

The Sub-Fund will invest primarily (i.e. at least 70% of its Net Asset Value) in a portfolio of global fixed income instruments denominated in USD issued by issuers selected by the Manager at its discretion (such as governments, government agencies, supranational entities, corporations, financial institutions and banks), which may include issuers located in emerging as well as developed markets.

The trustee of the Trust is State Street Trust (HK) Limited (the "Trustee").

Invesco Trust Series

Notes to the financial statements

2 Summary of significant accounting policies

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to the periods/years presented, unless otherwise stated.

(a) Basis of preparation

The financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRS”) issued by Hong Kong Institute of Certified Public Accountants (“HKICPA”). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities including derivative financial instruments at fair value through profit or loss.

As refer to Note 1, Invesco Global Bond Fixed Maturity Fund 2022, Invesco Global Bond Fixed Maturity Fund 2022 - II, Invesco Asia Bond Fixed Maturity Fund 2022 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - II, Invesco Asian Bond Fixed Maturity Fund 2021 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - IV, Invesco Asian Bond Fixed Maturity Fund 2021 - V, Invesco Asian Bond Fixed Maturity Fund 2021 - VI, Invesco Asian Bond Fixed Maturity Fund 2022 - IV, Invesco Asian Bond Fixed Maturity Fund 2022 - V and Invesco Asian Bond Fixed Maturity Fund 2022 -VI have matured on 28 January 2022, 15 March 2022, 26 August 2022, 27 August 2021, 29 September 2021, 3 November 2021, 3 December 2021, 29 December 2021, 28 January 2022, 7 March 2022 and 29 March 2022 respectively and Invesco Asian Bond Fixed Maturity Fund 2022 - III will be matured on 26 August 2022 the Manager will terminate these Sub-Funds upon maturity. As a result, the financial statements of these Sub-Funds have been prepared using liquidation basis of accounting. The Investment Manager has assessed that the fair values of all assets and liabilities of these Sub-Funds at the reporting date approximate their realisable value and therefore no changes in accounting policies or adjustments have been made in the financial statements to reflect the fact that these Sub-Funds will be able to realise its assets or to extinguish its liabilities in the normal course of business.

Invesco Trust Series

Notes to the financial statements

2 Summary of significant accounting policies (continued)

(a) Basis of preparation (continued)

The preparation of financial statements in conformity with HKFRS requires the Manager to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Standards and amendments to existing standards effective for the financial year beginning 1 April 2020

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial period beginning 1 April 2020 that would be expected to have a material impact on the Sub-Funds.

New standards, amendments and interpretations effective after 1 April 2020 and have not been early adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 April 2020, and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the Sub-Funds.

(b) Financial assets and liabilities at fair value through profit or loss

(i) Classification

The Sub-Funds classify the investments based on both the Sub-Funds' business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Sub-Funds are primarily focused on fair value information and use that information to assess the assets' performance and to make decisions. The Sub-Funds have not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. Consequently, all investments are measured at fair value through profit or loss.

As such, the Sub-Funds classify all of its investment portfolio as financial assets as fair value through profit or loss.

The Sub-Funds' policy requires the Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

(ii) Recognition, derecognition and measurement

Purchase and sale of financial assets and liabilities are recognised on the trade date - the date on which the trade is executed. Financial assets are initially recognised at the purchase consideration and related transaction costs are expensed as incurred in the statement of comprehensive income.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Sub-Funds have transferred substantially all risks and rewards of the ownership.

Invesco Trust Series

Notes to the financial statements

2 Summary of significant accounting policies (continued)

(b) Financial assets and liabilities at fair value through profit or loss (continued)

(ii) Recognition, derecognition and measurement (continued)

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the “financial assets at fair value through profit or loss” category are presented in the statement of comprehensive income within “Change in unrealised gains/(losses) of financial assets and financial liabilities at fair value through profit or loss” in the period in which they arise.

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income within dividend income when the Sub-Funds’ right to receive payments is established.

(iii) Fair value estimation

Fair value is the amount that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.

The fair value of financial assets and liabilities that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques. The Sub-Funds use a variety of methods and make assumptions that are based on market conditions existing at each reporting date. Valuation techniques used include the use of option pricing models and other valuation techniques commonly used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

(c) Income and expenses

Interest income on investments is accounted for as part of net gains on financial assets and liabilities at fair value through profit or loss in the statement of comprehensive income.

Interest income on bank deposits is recognised on a time proportionate basis using the effective interest method.

Dividend income is recognised when the right to receive payment is established.

Other income and expenses are accounted for on an accrual basis.

Invesco Trust Series

Notes to the financial statements

2 Summary of significant accounting policies (continued)

(d) Amounts due from and to brokers

Amounts due from and to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the statement of financial position date respectively. These amounts are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment for amounts due from brokers. At each reporting date, the Sub-Funds shall measure the loss allowance on amounts due from broker at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Sub-Funds shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the broker, probability that the broker will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

(e) Accounts payables and accruals

Accounts payables and accruals are recognised initially at fair value and subsequently stated at amortised cost. The difference between the proceeds and the amount payable is recognised over the year of the payable using the effective interest method. Accounts payables are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

(f) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Sub-Funds operate (the "functional currency"). The performance of the Sub-Funds is measured and reported to the unitholders in the United States dollar ("USD"). The Manager considers USD as the currencies that most faithfully represent the economic effects of the underlying transactions, events and conditions to the Sub-Funds respectively. The financial statements are presented in USD, which are the Sub-Funds' functional and presentation currencies.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the year-end date. Foreign exchange gains and losses arising from translation are included in the statement of comprehensive income.

Foreign exchange gains and losses relating to cash and cash equivalents are presented in the statement of comprehensive income within "net gains/losses on foreign currencies".

Foreign exchange gains and losses relating to the financial assets and liabilities carried at fair value through profit or loss are presented in the statement of comprehensive income within "change in unrealised gains/(losses) of financial assets and liabilities at fair value through profit or loss" and "net realised gains/(losses) on of financial assets and liabilities at fair value through profit or loss".

Invesco Trust Series

Notes to the financial statements

2 Summary of significant accounting policies (continued)

(g) Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less, and bank overdrafts, if any.

(h) Redeemable units

The Sub-Funds issue redeemable units, which are redeemable at the unitholders' option and are classified as financial liabilities.

Redeemable units are issued or redeemed at prices based on the Sub-Funds' net asset value per unit as at the close of business on the relevant dealing day. The Sub-Funds' net asset value per unit is calculated by dividing the net assets attributable to unitholders with the total number of outstanding redeemable units.

(i) Formation costs and termination costs

Expenditures incurred in the formation and termination of the Sub-Funds are recognised as expenses of the Sub-Funds in the year/period in which they arise.

(j) Distribution

Distributions to the Distribution Classes and Set Distribution Classes are recognised in the statement of comprehensive income when proposed distribution is approved on ex-date by the Manager. Distributions of the Distribution Classes and Set Distribution Classes declared, if any, shall be distributed among the unitholders of the relevant Distribution Classes and Set Distribution Classes rateably in accordance with the number of units held by them on the record date as determined by the Manager with the approval of the Trustee in respect of the corresponding distribution. The distribution on the redeemable units is recognised as a finance cost in the statement of comprehensive income.

Notes to the financial statements

2 Summary of significant accounting policies (continued)

(k) Structured entities

A structured entity is an entity that has been designed so that voting or similar rights are not the dominant factor in deciding who controls the entity, such as when any voting rights relate to administrative tasks only and the relevant activities are directed by means of contractual arrangements. A structured entity often has some or all of the following features or attributes; (a) restricted activities, (b) a narrow and well-defined objective, such as to provide investment opportunities for investors by passing on risks and rewards associated with the assets of the structured entity to investors, (c) insufficient equity to permit the structured entity to finance its activities without subordinated financial support and (d) financing in the form of multiple contractually linked instruments to investors that create concentrations of credit or other risks (tranches).

The Sub-Funds consider all of the investments in listed exchange traded funds to be investments in unconsolidated structured entities.

The change in fair value of the listed exchange traded funds is included in the statement of comprehensive income in "change in unrealised gains/(losses) of financial assets and financial liabilities at fair value through profit or loss".

(l) Offsetting financial instruments

Financial assets and financial liabilities are offset, and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Invesco Trust Series

Notes to the financial statements

3 Number of units in issue and net assets attributable to unitholders

Net assets attributable to unitholders represent a liability in the statement of financial position, carried at the redemption amount that would be payable at the year/period end date if the unitholders exercised the right to redeem units in the Sub-Funds.

The movement of the number of units in issue during the year/period is as follows:

Invesco Belt and Road Bond Fund

In accordance with the provisions of the Trust's prospectus, the formation costs of the Sub-Fund will be amortised over the first five financial years of the Sub-Fund. However, as stated in note 2(i), the accounting policies of the Sub-Fund for the purpose of compliance with HKFRS are to expense the formation costs in the period in which they are incurred. The differences between expensing the formation costs as incurred in accordance with HKFRS and capitalisation and amortisation of the formation costs as indicated in the Sub-Fund's prospectus resulted in adjustments in the net asset value per redeemable unit. This resulted in an increase of USD20,003 (2021: USD40,002) in the net assets attributable to holders of redeemable units as at 31 March 2022.

Invesco Global Multi Income Allocation Fund

In accordance with the provisions of the Trust's prospectus, the formation costs of the Sub-Fund will be amortised over the first five financial years of the Sub-Fund. However, as stated in note 2(i), the accounting policies of the Sub-Fund for the purpose of compliance with HKFRS are to expense the formation costs in the period in which they are incurred. The differences between expensing the formation costs as incurred in accordance with HKFRS and capitalisation and amortisation of the formation costs as indicated in the Sub-Fund's prospectus resulted in adjustments in the net asset value per redeemable unit. This resulted in an increase of USD11,115 (2021: USD22,230) in the net assets attributable to holders of redeemable units as at 31 March 2022.

Invesco Global Bond Fixed Maturity Fund 2022

In accordance with the provisions of the Trust's prospectus, the formation costs and the termination costs of the Sub-Fund will be amortised over the period from the close of the initial offer period up to the maturity date or such other period as the Manager shall determine. However, as stated in note 2(i), the accounting policies of the Sub-Fund for the purpose of compliance with HKFRS are to expense the formation costs and the termination costs in the period in which they are incurred. The differences between expensing the formation costs and the termination costs as incurred in accordance with HKFRS and capitalisation and amortisation of the formation costs and the termination costs as indicated in the Sub-Fund's prospectus resulted in adjustments in the net asset value per redeemable unit. This resulted in Nil changes (2021: USD22,735) in the net assets attributable to holders of redeemable units as at 28 January 2022 (date of termination).

Invesco Global Bond Fixed Maturity Fund 2022-II

In accordance with the provisions of the Trust's prospectus, the formation costs and the termination costs of the Sub-Fund will be amortised over the period from the close of the initial offer period up to the maturity date or such other period as the Manager shall determine. However, as stated in note 2(i), the accounting policies of the Sub-Fund for the purpose of compliance with HKFRS are to expense the formation costs and the termination costs in the period in which they are incurred. The differences between expensing the formation costs and the termination costs as incurred in accordance with HKFRS and capitalisation and amortisation of the formation costs and the termination costs as indicated in the Sub-Fund's prospectus resulted in adjustments in the net asset value per redeemable unit. This resulted in Nil changes (2021: USD28,711) in the net assets attributable to holders of redeemable units as at 15 March 2022 (date of termination).

Invesco Asian Bond Fixed Maturity Fund 2024

In accordance with the provisions of the Trust's prospectus, the formation costs and the termination costs of the Sub-Fund will be amortised over the period from the close of the initial offer period up to the maturity date or such other period as the Manager shall determine. However, as stated in note 2(i), the accounting policies of the Sub-Fund for the purpose of compliance with HKFRS are to expense the formation costs and the termination costs in the period in which they are incurred. The differences between expensing the formation costs and the termination costs as incurred in accordance with HKFRS and capitalisation and amortisation of the formation costs and the termination costs as indicated in the Sub-Fund's prospectus resulted in adjustments in the net asset value per redeemable unit. This resulted in an increase of USD75,868 in the net assets attributable to holders of redeemable units as at 31 March 2022.

4 Financial risk management

Strategy in using financial instruments

Risk management process

Investment risk management is an integral part of the investment process. It is the responsibility of the chief investment officer ("CIO") of the Manager to ensure that the investment process is driven by a cohesive team of experienced investment professionals who work together to uncover biases in the whole decision making process. The CIO, with the help of the risk and performance teams, is also responsible for ensuring that a disciplined and transparent investment process is being followed. This would encompass but by no means be limited to ensuring that there is a disciplined and multi-factor focus decision making process, systematic screening for ideas generation, market/stock liquidity risk is evaluated, stocks are well researched, target prices are reviewed, portfolios are appropriately diversified, and investment guidelines and risk parameters are adhered to, etc.

The Sub-Funds are exposed to market price risk, interest rate risk, credit risk, liquidity risk and currency risk arising from the financial instruments it holds. The risk management policies employed by the Sub-Funds to manage these risks are discussed below.

(a) Market price risk

Market price risk is the risk that the value of the Sub-Funds' investment portfolios will fluctuate as a result of changes in market prices. This risk is managed by ensuring that all activities are transacted in accordance with mandates, overall investment strategy and within approved limits. Market risk analysis is conducted regularly on a total portfolio basis.

Price risk is also managed by the Manager by constructing a diversified portfolio of securities. The portfolios are subject to investment restrictions and prohibitions in accordance with the terms set out in the Sub-Fund's offering document.

The Manager does not manage the Sub-Funds with reference to any market index. The Sub-Funds are also not directly correlated with any market index. Any index should be used only for reference purpose.

Invesco Trust Series

Notes to the financial statements

4 Financial risk management (continued)

(a) Market price risk (continued)

The table below summarises the impact of increase/decrease from the Sub-Funds' underlying benchmark on the Sub-Funds' net assets attributable to unitholders as at 31 March 2022 and 2021. The analysis is based on the assumption that the index component within the benchmark increased/decreased by respective percentage with all other variables held constant and that the fair value of the Sub-Funds' financial assets at fair value through profit or loss moved according to the historical correlation with the indices.

Sub-Funds	Benchmark components	31 March 2022		31 March 2021	
		% of reasonable possible change of the relevant benchmark	Impact on net assets attributable to unitholders (+/-)	% of reasonable possible change of the relevant benchmark	Impact on net assets attributable to unitholders (+/-)
Invesco Belt and Road Bond Fund	ICE BofA 0-3 month US Treasury Bill Index	10%	USD(5,948)	10%	USD(9,157)
Invesco Global Multi Income Allocation Fund	Barclays Global-Aggregate Total Return Index	10%	USD88,489	10%	USD42,067
Invesco Asian Bond Fixed Maturity Fund 2022 - III	ICE BofA 1-3 Year Asian Dollar Index	10%	USD289,999	10%	USD287,553
Invesco Asian Bond Fixed Maturity Fund 2024	ICE BofA 1-3 Year Asian Dollar Index	10%	USD194,908	-	-

(b) Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates.

The table below summarises the Sub-Funds' exposure to interest rate risk and includes the Sub-Funds' financial assets and liabilities at fair values, categorised by the earlier of contractual repricing or maturity dates.

Interest rate sensitivity

Invesco Belt and Road Bond Fund

As at 31 March 2022, the fair value of debt securities invested by the Sub-Fund was USD13,313,611 (2021: USD21,329,808). If the market interest rates as at the reporting date increased/decreased by 50 basis points (2021: 50 basis points), with all other variables held constant, the net assets attributable to unitholders of the Sub-Fund would decrease/increase by USD374,778 (2021: USD580,171).

As at 31 March 2022, the Sub-Fund held cash and cash equivalents of USD1,020,162 (2021: USD2,055,420), should bank interest rates have increased/decreased by 1% (2021: 1%), with all other variables remaining constant, the net assets attributable to unitholders would increase/decrease by USD10,202 (2021: USD20,554).

Invesco Global Multi Income Allocation Fund

As at 31 March 2022 and 2021, there were no investments held by the Sub-Fund subject to interest rate risk.

As at 31 March 2022, the Sub-Fund held cash and cash equivalents of USD778,078 (2021: USD637,576), should bank interest rates have increased/decreased by 1% (2021: 1%), with all other variables remaining constant, the net assets attributable to unitholders would increase/decrease by USD7,781 (2021: USD6,376).

Invesco Global Bond Fixed Maturity Fund 2022

As at 28 January 2022 (date of termination), the Sub-Fund disposed of all debt securities at fair value through profit or loss. As a result, there were no investments held by the Sub-Fund subject to interest rate risk as at 28 January 2022 (date of termination).

As at 31 March 2021, the fair value of debt securities and money market instruments invested by the Sub-Fund was USD244,223,998. If the market interest rates as at the reporting date increased/decreased of 50 basis points), with all other variables held constant, the net assets attributable to unitholders of the Sub-Fund would decrease/increase in USD842,573.

As at 28 January 2022 (date of termination), the Sub-Fund held cash and cash equivalents of USD188,925,482 (2021: USD7,467,355), should bank interest rates have increased/decreased by 1% (2021: 1%), with all other variables remaining constant, the net assets attributable to unitholders would increase/decrease by USD1,889,255 (2021: USD74,674).

Invesco Asian Bond Fixed Maturity Fund 2021 - III

As at 29 September 2021 (date of termination), the Sub-Fund disposed of all debt securities at fair value through profit or loss. As a result, there were no investments held by the Sub-Fund subject to interest rate risk as at 29 September 2021 (date of termination).

As at 31 March 2021, the fair value of debt securities and money market instruments invested by the Sub-Fund was USD231,932,043. If the market interest rates as at the reporting date increased/decreased of 50 basis points, with all other variables held constant, the net assets attributable to unitholders of the Sub-Fund would decrease/increase in USD521,847.

As at 29 September 2021 (date of termination), the Sub-Fund held cash and cash equivalents of USD234,585,121 (2021: USD4,269,635), should bank interest rates have increased/decreased by 1% (2021: 1%), with all other variables remaining constant, the net assets attributable to unitholders would increase/decrease by USD2,345,851 (2021: USD42,696).

Invesco Asian Bond Fixed Maturity Fund 2021 - IV

As at 3 November 2021 (date of termination), the Sub-Fund disposed of all debt securities at fair value through profit or loss. As a result, there were no investments held by the Sub-Fund subject to interest rate risk as at 3 November 2021 (date of termination).

As at 31 March 2021, the fair value of debt securities and money market instruments invested by the Sub-Fund was USD214,453,965. If the market interest rates as at the reporting date increased/decreased of 50 basis points, with all other variables held constant, the net assets attributable to unitholders of the Sub-Fund would decrease/increase in USD525,412.

As at 3 November 2021 (date of termination), the Sub-Fund held cash and cash equivalents of USD218,100,485 (2021: USD7,815,919), should bank interest rates have increased/decreased by 1% (2021: 1%), with all other variables remaining constant, the net assets attributable to unitholders would increase/decrease by USD2,181,005 (2021: USD78,159).

Invesco Asian Bond Fixed Maturity Fund 2021 - V

As at 3 December 2021 (date of termination), the Sub-Fund disposed of all debt securities at fair value through profit or loss. As a result, there were no investments held by the Sub-Fund subject to interest rate risk as at 3 December 2021 (date of termination).

The majority of the Sub-Funds' other financial assets and liabilities are non-interest bearing except for the cash and cash equivalents. As a result, the Manager considers that the Sub-Fund is not currently subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates.

Invesco Asian Bond Fixed Maturity Fund 2022 - VI

As at 29 March 2022 (date of termination), the Sub-Fund disposed of all debt securities at fair value through profit or loss. As a result, there were no investments held by the Sub-Fund subject to interest rate risk as at 29 March 2022 (date of termination).

The majority of the Sub-Funds' other financial assets and liabilities are non-interest bearing except for the cash and cash equivalents. As a result, the Manager considers that the Sub-Fund is not currently subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates.

(c) Credit risk

Credit risk is the risk that a counterparty will fail to perform contractual obligations, either in whole or in part, under a contract.

All investment transactions are settled/paid for upon delivery through approved brokers. The risk of default is considered minimal since delivery of investments sold is only made once the broker has received payment. Payments are made on purchases of investments only once the investments have been received by the broker. The trade will fail if either party fails to meet its obligation.

The main concentration of credit risk to which the Sub-Funds are exposed arises from the Sub-Funds' investments in debt securities and derivatives. The Sub-Funds are also exposed to credit risk on cash and cash equivalents and amounts receivable from brokers. The table below summarises the assets placed with bank and custodian and their respective credit rating assigned as at year/period end date:

Where an investment is unrated, the Manager constructs a proxy/shadow rating. The inhouse credit research and rating methodology is particularly important for unrated investments to ensure that the credit risk taken is being adequately compensated for versus similar rated issuers. The purpose of internal rating is to ensure that the judgement on relative value is as precise as it can be. The Manager does not have a defined rating policy in this regard, it depends on the judgement of the analysts.

More importantly, the analysts must cover and monitor the credit rating status of all the investments in the portfolios. This means that all unrated debt securities must undergo the same rigorous bottom-up credit analysis process to determine a recommendation and credit opinion for the issuer and this forms the basis of our evaluation of credit rating status for investments.

The maximum exposure to credit risk at year/period end date is the carrying amount of the financial assets as shown on the statement of financial position.

None of the assets is impaired nor past due but not impaired as at year/period end date.

Notes to the financial statements

4 Financial risk management (continued)

(c) Credit risk (continued)

The Sub-Funds measure credit risk and expected credit losses using probability of default, exposure at default and loss given default. The Investment Manager considers both historical analysis and forward looking information in determining any expected credit loss. At period/year end date, the Manager consider the probability of default to be close to zero as the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Sub-Funds.

(d) Liquidity risk

Liquidity risk is the risk that the Sub-Funds will encounter difficulty in settling a liability, including a redemption request.

The Sub-Funds are exposed to daily cash redemptions of redeemable units. It therefore invests most of its assets in investments which are considered readily realisable as they are listed on various reputable stock exchanges.

The Manager is entitled with the approval of the Trustee to limit the number of units to be redeemed on any one dealing day to 10% of the units in issue (with redemption requests applied pro rata) and any excess redemption requests are then carried forward to the next dealing day. The Manager may suspend the right of unitholders to redeem units in certain circumstances as mentioned in the offering document.

The table below analyses the Sub-Funds' financial liabilities into relevant maturity groupings based on the remaining period at the year-end date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

The maturity is presented on the basis that the Sub-Funds would settle the entire redemption requests from the unitholders without any redemption restriction being triggered.

Units are redeemed on demand at the unitholders' option. However, the Manager does not envisage that the contractual maturity disclosed in the table above will be representative of the actual cash outflows, as the unitholders typically retain their units for the medium to long term.

Invesco Belt and Road Bond Fund - As at 31 March 2022, 3 unitholders (2021: 3 unitholders) held more than 10% of the Sub-Fund's units with the holdings being 38%, 27% and 10% respectively (2021: 33%, 31% and 12%) of the Sub-Fund's units on a nominee basis.

Invesco Global Multi Income Allocation Fund - As at 31 March 2022, 3 unitholders (2021: 3 unitholders) held more than 10% of the Sub-Fund's units with the holdings being 31%, 18% and 17% respectively (2021: 47%, 20% and 19%) of the Sub-Fund's units on a nominee basis.

Invesco Global Bond Fixed Maturity Fund 2022 - As at 28 January 2022 (date of termination), the redemption payable to unitholders are attributable to 3 unitholders who held more than 10% of the Fund's units with the holdings being 36%, 35% and 17% of the Fund's units at redemption. As at 31 March 2021, 3 unitholders held more than 10% of the Sub-Fund's units with the holdings 43%, 33% and 14% of the Sub-Fund's units on a nominee basis.

Invesco Global Bond Fixed Maturity Fund 2022 - II - As at 15 March 2022 (date of termination), the redemption payable to unitholders are attributable to 3 unitholders who held more than 10% of the Fund's units with the holdings being 41%, 30% and 22% of the Fund's units at redemption. As at 31 March 2021, 3 unitholders held more than 10% of the Sub-Fund's units with the holdings 37%, 32% and 25% of the Sub-Fund's units on a nominee basis.

Invesco Asian Bond Fixed Maturity Fund 2022 - III - As at 31 March 2022, 4 unitholders (2021: 4 unitholders) held more than 10% of the Sub-Fund's units with the holdings being 38%, 23%, 22% and 15% respectively (2021: 39%, 21%, 21% and 17%) respectively of the Sub-Fund's units on a nominee basis.

Invesco Asian Bond Fixed Maturity Fund 2021 - II - As at 27 August 2021 (date of termination), the redemption payable to unitholders are attributable to 2 unitholders who held more than 10% of the Fund's units with the holdings being 50% and 50% of the Fund's units at redemption. As at 31 March 2021, 2 unitholders held more than 10% of the Sub-Fund's units with the holdings being 50% and 50% respectively of the Sub-Fund's units on a nominee basis.

The Manager monitors the Sub-Funds' liquidity position on a daily basis.

(e) Currency risk

The Sub-Funds holds certain assets and liabilities which are denominated in currencies other than their functional currencies. The Sub-Funds are therefore exposed to currency risk as the value of the assets and liabilities denominated in other currencies will fluctuate due to changes in exchange rates. The Sub-Funds may use currency hedging techniques but this may not be possible or practicable in all cases.

The table below summarises the Sub-Funds' monetary and non-monetary exposures, including the notional amount of currency forward, to currency risk and the impact on net assets should the currencies have strengthened or weakened by 5% (2021: 5%) against their functional currencies with all other variables remaining constant, as at 31 March 2022 and 2021:

Invesco Belt and Road Bond Fund

As at period/year end, the Sub-Funds had no significant foreign currency exposure other than HKD, which is pegged to USD. The majority of monetary and non-monetary assets and liabilities were either denominated in USD or HKD. As a result, no sensitivity analysis is prepared for the Sub-Funds as at period/year end.

(f) Fair value estimation

The fair value of financial assets and liabilities traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the year-end date. The Sub-Funds used the last traded market price as its fair valuation inputs for both financial assets and financial liabilities.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Sub-Funds for similar financial instruments.

Invesco Trust Series

Notes to the financial statements

4 Financial risk management (continued)

(f) Fair value estimation (continued)

HKFRS 13 requires the Sub-Funds to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2).
- Inputs for the asset or liability that are not observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes “observable” requires significant judgement by the Sub-Funds. The Sub-Funds consider observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy the Sub-Funds’ investments (by class) measured at fair value as at period/year end:

Invesco Asian Bond Fixed Maturity Fund 2024

	Level 1 USD	Level 2 USD	Level 3 USD	Total USD
At 31 March 2022				
Financial assets at fair value through profit or loss				
- Listed/quoted debt securities	-	67,905,241	-	67,905,241
	-	67,905,241	-	67,905,241
	-	67,905,241	-	67,905,241

Investments whose values are based on quoted market prices in active markets, and therefore classified within level 1, include active listed and quoted securities.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within level 2. As level 2 investments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information. The Sub-Funds do not adjust the quoted price for these investments.

There were no transfers of investments between levels for the period/year ended.

The assets and liabilities as stated in the statement of financial position, excluding financial assets and liabilities at fair value through profit or loss, are carried at amortised cost; their carrying values are a reasonable approximation of fair value. There are no other assets or liabilities not carried at fair value but for which the fair value is disclosed.

(g) Offsetting table

As at period/year end, there were no financial assets and liabilities subject to master netting arrangement.

Invesco Trust Series

Notes to the financial statements

5 Taxation

In preparing these financial statements, the Manager have made certain assumptions and used various estimates concerning the tax exposure which is dependent on what might happen in the future. The resulting accounting estimates may not equal the related actual results.

Hong Kong

No provision for Hong Kong profits tax has been made as the Sub-Funds are authorised as collective investment scheme under Section 104 of the Hong Kong Securities and Futures Ordinance and is therefore exempted from profits tax under Section 26A(1A) of the Hong Kong Inland Revenue Ordinance.

Withholding tax

During the year ended 31 March 2022, Invesco Global Multi Income Allocation Fund incurred withholding tax of US\$ 85,357 (2021: US\$85,281) imposed by the United States on dividend income. Such income is recorded gross of withholding tax in the statement of comprehensive income.

During the period end, Invesco Asian Bond Fixed Maturity Fund 2022 - III, Invesco Asian Bond Fixed Maturity Fund 2021 - VI, Invesco Asian Bond Fixed Maturity Fund 2022 - IV, Invesco Asian Bond Fixed Maturity Fund 2024 and Invesco Asian Bond Fixed Maturity Fund 2022 - VI incurred withholding tax of US\$6,874, US\$39,856, US\$8,856, US\$5,108 and US\$49,882 respectively imposed by Italy on interest income. Such income is recorded gross of withholding tax in the statement of comprehensive income.

6 Transactions with related parties and connected persons

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. Related parties of the Sub-Funds also include the Manager, investment delegate, directors of the scheme, Trustee/custodian and their connected persons. Connected Persons are those as defined in the Code on Unit Trusts and Mutual Funds established by the Securities and Futures Commission of Hong Kong (the "SFC Code").

The following is a summary of significant related parties and connected persons transactions entered into during the year/period between the Sub-Funds, the Trustee, the Manager and their related parties and connected persons of the Manager. All transactions with related parties and connected persons of the Manager were entered into in the normal course of business and on normal commercial terms.

(a) Management fee

The Manager, Invesco Hong Kong Limited, is entitled to receive in respect of the Sub-Funds (or any Class thereof), a management fee calculated and accrued on each valuation day and payable monthly in arrears as a percentage of the net asset value of such Sub-Fund (or such Class) as at each valuation day, the rate as follows:

Invesco Belt and Road Bond Fund

(b) Trustee fee and administration fee

State Street Trust (HK) Limited, acting as the trustee and State Street Bank and Trust Company, acting as the administrator of the Sub-Funds, is entitled to be paid out of the assets of the Sub-Funds the trustee fee and administration fee respectively, which are 0.03% per annum on the first USD50,000,000 of the net asset value and 0.02% per balance net asset value, subject to a minimum monthly fee of USD1,250. The trustee fee is subject to a maximum rate of 2% per annum of the net asset value of the Sub-Funds. The minimum monthly fee for both trustee fee and administration fee have been waived for the period/year ended. Such fees will be accrued daily and be paid monthly in arrears. The Trustee shall be reimbursed for all reasonable out-of-pocket expenses incurred in relation to the Sub-Funds out of the Sub-Funds' assets.

(h) Unitholders

There is no related parties or connected persons hold any units of the Sub-Fund as at period/year end.

Invesco Trust Series

Notes to the financial statements

7 Distributions

The Sub-Funds may offer classes of units that accumulate income (“Accumulation Classes”), pay regular distributions out of net income (“Distribution Classes”), or pay a monthly distribution (“Set Distribution Classes”) in two forms, Monthly Distribution-1 and Fixed Distribution, which are described in detail further below.

No distribution is intended to be made in respect of Accumulation Classes.

For Distribution Classes, the Manager will declare and pay distributions out of the available net income attributable to such unit classes, on such date and at such frequency as the Manager may determine.

With regard to Set Distribution Classes, Monthly Distribution-1 intends to pay a stable distribution payment in the form of a stable amount per unit per month. Fixed Distribution intends to pay dividends of a variable amount per unit per month which will be based on a set percentage of the net asset value per unit on each ex-dividend date.

The following table shows the distributions of the Sub-Funds during the year/period end:

Invesco Belt and Road Bond Fund

8 Capital risk management

The Sub-Funds' capital is represented by the net assets attributable to unitholders. Subscription and redemption of units during the year/period are shown in the statement of changes in net assets attributable to unitholders. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Sub-Funds are subject to daily subscriptions and redemptions at the discretion of the unitholders. The Manager's objective when managing capital is to safeguard the Sub-Funds' ability to continue as a going concern in order to provide returns for the unitholders and to maintain a strong capital base to support the development of the investment activities of the Sub-Funds.

In order to maintain or adjust the capital structure, the Manager is to perform the following:

- monitor the level of daily subscriptions and redemptions relative to the liquid assets; and
- redeem and issue units in accordance with the Trust Deed of the Sub-Funds.

The Manager monitors capital on the basis of the value of net assets attributable to unitholders.
