Invesco Europe Enhanced Equity UCITS ETF (the "Fund") A sub-fund of Invesco Markets II plc (the "Umbrella Fund") Acc (ISIN: IE000YNVI4W4) (the "Share Class")

The Fund is managed by Invesco Investment Management Limited, part of the Invesco Group.

Objectives and Investment Policy

- The Fund is an actively managed Exchange-Traded Fund ("ETF"), which aims to achieve a long-term return in excess of the Benchmark (the MSCI Europe Index) by investing in an actively-managed portfolio of European equities.
- To achieve the investment objective, the Fund will invest primarily in a portfolio of equity and equity-related securities, tracking stocks and depositary receipts of companies from Europe. Securities are selected based on three criteria: 1) attractiveness determined in accordance with the quantitative investment model; 2) consistency between the portfolio's expected risk characteristics and the Fund's investment objective; and 3) compliance with the Fund's ESG Policy.
- Exclusions are applied to the initial investment universe to remove companies that are determined to have unacceptable levels of exposure to controversial business activities or engaged in very severe ESG controversies. Details of involvement, revenue thresholds and controversy scoring are further set out in the Fund's supplement. Eligible securities are then ranked based on their attractiveness with respect to three investment factors: Value (i.e. companies perceived to be 'inexpensive' relative to market averages), Quality (i.e. companies that demonstrate stronger balance sheets relative to sector or market averages) and Momentum (i.e. companies whose historical share price performance or earnings growth have exceeded sector or market averages). The Fund holds a sub-set of these stocks, using an optimisation process that seeks to maximise exposure to those investment factors whilst targeting a risk profile that is consistent with the Fund's investment objective. Fund holdings are rebalanced monthly.
- The Fund is an Article 8 Fund (it promotes environmental and/or social characteristics) for the purposes of Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial services sector ("SFDR").
- The Fund's shares are listed on one or more Stock Exchange(s). Investors can buy or sell shares daily through an intermediary directly or on Stock Exchange(s) on which the shares are traded. In exceptional circumstances investors will be permitted to redeem their shares directly from Invesco Markets II plc in accordance with the redemption procedures set out in the prospectus, subject to any applicable laws and relevant charges.
- The Fund may use derivative instruments for the purposes of managing risk, reducing costs, generating additional capital or income.
- The Fund's base currency is EUR.
- **Dividend Policy:** This Share Class does not pay you income, but instead reinvests it to grow your capital, in line with its stated objectives.
- **Net Asset Value:** This is calculated daily and the Fund is open for subscriptions and redemptions on each day the Trans-European Automated Real-Time Gross Settlement Express Transfer System (T2) System is open. Please refer to the prospectus for further information.
- **The Benchmark:** The Fund will not seek to track the performance of the Benchmark. The Fund will hold an actively-managed portfolio of securities with the aim of delivering superior risk-adjusted returns over the long term when compared with the average performance of the European equity market, for which the Benchmark serves as a reference.
