“LGBT+ Pride month is a chance for us to publicly acknowledge Invesco’s encouragement and support of our LGBT+ colleagues and friends, and for me to reflect on my role as an ally. True allyship is active, visible and bold. It asks us to seek new perspectives and help shape our environment to be one that is inclusive of all. I look forward to becoming a stronger ally as we continue to build the most inclusive company we can possibly be, one that celebrates all employees on a daily basis.”
