Performance quoted is past performance and cannot guarantee comparable future results; current performance may be lower or higher. Visit invesco.com to see the most recent return. Performance figures reflect reinvested distributions and changes in net asset value (NAV). Investment return and principal value will vary, and you may have a gain or a loss when you sell shares. No contingent deferred sales charge (CDSC) will be imposed on redemptions of Class C shares following one year from the date shares were purchased. Performance shown at NAV does not include applicable CDSC or front-end sales charges, which would have reduced the performance. Class Y shares have no sales charge; therefore, performance is at NAV. Returns less than one year are cumulative; all others are annualized. Fund performance reflects any applicable fee waivers and/or expense reimbursements. Had the adviser not waived fees and/or reimbursed expenses currently or in the past, returns would have been lower. See current prospectus for more information. Index returns do not reflect any fees, expenses, or sales charges. Index source: FactSet Research Systems Inc.

Overall Morningstar rating™
(Class A shares as of March 31, 2019)
⭐⭐⭐

Ratings are based on a risk-adjusted return measure that accounts for variation in a fund’s monthly performance, placing more emphasis on downward variations and rewarding consistent performance. Open-end mutual funds and exchange-traded funds are considered a single population for comparison purposes. Ratings are calculated for funds with at least a three-year history. The overall rating is derived from a weighted average of three-, five- and 10-year rating metrics, as applicable, excluding sales charges and including fees and expenses. Had fees not been waived and/or expenses reimbursed currently or in the past, the Morningstar rating would have been lower. Class A shares received 3 stars for the overall, 3 stars for the three years, 3 stars for the five years and 3 stars for the 10 years. The fund was rated among 1,256, 1,256, 1,114 and 805 funds within the Morningstar Large Growth Category for the overall period, three, five and 10 years, respectively.
