6 | Distribution Instructions (Complete A and either B or C.)

I authorize IIS to distribute from my beneficiary IRA as indicated below. Furthermore, I understand and agree to the terms listed below.

■ If I do not select a distribution frequency below, I am directing IIS to process an immediate, one-time distribution.

■ If the selected payment date has already passed, I am directing IIS to establish the plan for the next scheduled payment date.

■ If I do not provide a payment date below, I am directing IIS to distribute on the 10th of the selected payment schedule.

A. Frequency: (Select one and proceed to section 6B or 6C, as applicable.)

I wish to take an immediate, one-time distribution.

I wish to establish or modify a series of periodic distributions.

Monthly - One draft per month

Quarterly - One draft per quarter

Annually - One draft per year

Beginning on _____ (date) _____ (month) _____ (year).

B. Invesco to calculate required minimum distribution (RMD):

Note: If this method is selected, proportionate is the only distribution allocation option.

I would like IIS to calculate the RMD and pay it out based on the following information and the frequency selected in section 6A: Select one and proceed to section 7:

- I am the surviving spouse of the account owner.
I am not the surviving spouse of the account owner.
The beneficiary is a trust. If beneficiaries are named for the trust, and the account owner died before his or her required beginning date, proceeds distributed may be based on the oldest primary beneficiary's single life expectancy if the trust meets the provisions of a "look-through" trust.

The date of birth for the calculation is: (mm/dd/yyyy) [input field]

- The beneficiary is the account owner's estate. Distributions may be based on the account owner's single life expectancy if the account owner died after his or her required beginning date.

C. Beneficiary to provide distribution amount:

Note: If the amount you provide is your RMD, you are responsible for recalculating the amount of your RMD and providing IIS with new distribution instructions as applicable.

- I would like to distribute the entire account.
Net - I would like to receive the following dollar amount from the account: \$ [input field] , [input field] . [input field] .

I authorize and direct IIS to redeem additional fund shares in amounts necessary to pay any applicable contingent deferred sales charges and federal income tax withholding. (If you selected one-time distribution above, this will be the amount of your one-time distribution. If you selected periodic distribution above, this will be the amount of each installment.)

- Gross - Distribute the following dollar amount from my account: \$ [input field] , [input field] . [input field] . I understand that the amount of the distribution that I receive will be reduced by any applicable contingent deferred sales charges and federal income tax withholding. (If you selected one-time distribution above, this will be the amount of your one-time distribution. If you selected periodic distribution above, this will be the amount of each installment.)

Allocation of distribution (Required only if taking a partial distribution.)

If I do not select an allocation of distribution method, I am directing IIS to distribute using the proportionate method.

Note: If redeeming from multiple funds, then multiple checks, wires or Automated Clearing House (ACHs) will be sent.

- Proportionate - Shares will be redeemed from each fund proportionate to that fund's value with respect to the total value of your account on the day IIS receives your request in good order.
Distribution From Specific Fund(s) - Please indicate the fund(s) and redemption amount(s) below.

Table with 4 columns: Fund Number, Fund Name, Percentage, Amount. Contains three rows of input fields for distribution details.

7 | Federal Income Tax Withholding (Select one.)

The distributions you receive from your IRA are subject to 10% federal income tax withholding unless you provide an alternative election below. If no election is made, or your only address of record is a P.O. Box or non-U.S. address, IIS is required to withhold at the rate of 10%.

For Roth IRAs only, federal income tax withholding does not apply, unless specified below.

- I do not want any federal income tax withheld from my distribution.
I want federal income tax withheld at the rate of [input field] % . (Must be 10% or greater)

Please note that the withholding rate designation made above supersedes any previous designations. If you elect to receive periodic distributions, your withholding election for this series of payments will remain on file with IIS. You may change or revoke your withholding election at any time by contacting an Invesco Client Services representative.

8 | Payment Options (Refer to section 9 to determine if a signature guarantee is required.)

Select only one payment option (A or B).

A. By Check:

- Mail check to the beneficiary's address referenced in section 2.

Additional Information**Additional Documentation Requirements**

If you are not able to obtain a medallion signature guarantee, a signature guarantee is required in section 9 of this form along with some of the following additional documentation (*as applicable*):

- A **certified copy** of the account owner's death certificate or a **certified copy** of letters testamentary indicating the account owner's date of death.
- An heir or devisee of the account owner claiming assets pursuant to a small estate administration must provide a **certified copy** of the affidavit of small estate (in states where applicable.)
- If no beneficiary is named on the account and the account owner was unmarried at the time of death, any assets remaining in the account will be distributed to the account owner's estate. In these instances a copy of the death certificate must be included indicating that the account owner was not married at the time of death. Alternatively, IIS can accept a medallion signature guaranteed letter indicating the account owner's marital status at the time of death, and that there are no other persons or entities with a claim to the deceased account owner's Invesco account.

Note: A notarized signature may be accepted in lieu of a medallion signature guarantee or a signature guarantee, if eligible. Please call an Invesco Client Services representative for eligibility requirements.

Required Minimum Distributions

- If a beneficiary fails to take RMD in any tax year, the amount of the deficiency may be subject to a 50% excess accumulations tax imposed by the IRS. In the case of the deceased account owner's year of death RMD, IIS will automatically distribute required amounts as needed only if the account owner died in the current year.
- **Account owner deceased before distributions are required to begin.** If the account owner dies before RMDs are required to begin, all assets remaining in the account owner's account must be distributed by the end of the fifth year following the account owner's death unless (i) the beneficiary is a natural person or trust that qualifies as a "look through" trust, in which case RMDs must commence by December 31 of the year following the year of the account owner's death over the designated beneficiary's life expectancy, or (ii) the beneficiary is the account owner's spouse, in which case RMD's must commence no later than December 31 of the year in which the deceased account owner would have attained age 70½ over the spouse's life expectancy.
- **Account owner deceased after distributions are required to begin.** If the account owner dies after RMDs are required to begin, the account will be distributed (i) if the account owner named a designated beneficiary, over the longer of the account owner's remaining life expectancy at death or the designated beneficiary's life expectancy, (ii) if the account owner named the account owner's spouse as the designated beneficiary, over the longer of the account owner's remaining life expectancy at death or spouse's life expectancy, (iii) if the account owner did not name a designated beneficiary, over the account owner's remaining life expectancy at death.
- **Multiple Beneficiaries.** If there are multiple beneficiaries, each beneficiary may make elections relative to his or her share of the account if separate accounts for each beneficiary are established by December 31 of the year following the year of the account owner's death. Otherwise, distributions generally will be based upon the life expectancy of the eldest beneficiary. Additional rules may apply.

Transferring to a Beneficiary IRA at Another Custodian

IIS requires a letter of acceptance to transfer inherited assets to a beneficiary IRA held with another custodian. The letter of acceptance should indicate that the assets will be transferred into a beneficiary IRA in the name of the same decedent for the benefit of the beneficiary.

Former Spouse Beneficiaries

In order to be a designated beneficiary on the account referenced in section 1, a former spouse must have been designated as a beneficiary of the account after the date of divorce, annulment or other lawful dissolution of marriage.
