Information to note

- Invesco will file for an extension with the IRS that would permit Invesco to delay its delivery of the 2018 Form 1099-DIV to shareholders of the Invesco Global Real Estate Fund, Invesco Global Real Estate Income Fund and Invesco Real Estate Fund forms. The assets within these specific Invesco funds consist of Real Estate Investment Trusts (REITs) and the funds will not receive all critical distribution information from the underlying Trusts until late in January or February 2019. Therefore, a 30-day IRS extension is required to collect this information and produce the appropriate 1099-DIV tax forms to the shareholders of each fund.
- Actual distributions will appear on shareholders' 1099-DIV forms, which will be mailed in January 2019 subject to the exception stated above regarding certain real estate funds.
- A fund's NAV will drop on the distribution ex-date to reflect the portfolio's NAV after distribution; this drop would be in addition to any effect the market's performance had on the securities within the fund's portfolio.
- These distributions shouldn't impose a tax burden on shareholders holding shares through a retirement account. Please check with your tax advisor for additional information.
- In December, a free copy of the 2018 Invesco Tax Guide will be available as a PDF at invesco.com/us. The guide should help Invesco shareholders with their 2018 tax returns.
- Communications regarding final distributions will be at the share class level with CUSIPs and tickers.
- In the chart above are the estimated dividend record date, dividend ex-date, and dividend payable dates for all existing share classes of the funds listed. These dates may change at the sole discretion of Invesco and without prior notice.
