## Important 2018 tax return document

Enclosed is information that, together with your Form 1099-DIV, will assist you in filing your 2018 income tax return:

- Form 1099-DIV reports the taxable income dividends, capital gains and exempt-interest dividends distributed to you by certain Invesco funds during 2018. In addition, the Form 1099-DIV, where applicable, provides the portion of income that is considered for federal alternative minimum tax treatment. Exempt interest dividends are dividends that are not subject to federal income tax but must be reported on your federal income tax return.
- This letter provides other pertinent information you may need to prepare your federal tax return. It will assist you in calculating your state tax liability if you live in a state that provides for special treatment of dividends that are derived from interest on obligations exempt from federal tax.
- If your fund is not listed, please disregard this letter.

We encourage you to consult your tax advisor or state revenue department regarding specific questions about your tax return and/or your state or local tax status for distributions received from funds.

### State tax information

Most states do not tax mutual fund dividends derived from their own municipal obligations but do tax dividends derived from interest paid on the obligations of other states. The table on the back shows the percentage of exempt-interest dividends regarding your state's requirements.

The Form 1099-DIV is a federal tax form and is provided to the Internal Revenue Service.
