Why is Invesco making this portfolio management change?

Grant Jackson was promoted from Associate Portfolio Manager to Portfolio Manager in recognition of his contributions to the team. This internal promotion reflects the team's focus on developing talent within the investment team. Grant has been with the investment team since 2005 and has 15 years of industry experience.

The new structure of Co-Lead Portfolio Managers more accurately reflects the contributions made by the individual team members to the investment strategy. It also reflects the research focus of each team member.

Will these changes affect the investment objective or investment process of the Fund?

No. The investment objective, philosophy and process for the Fund will not change. Additionally, the number of investment professionals and day-to-day responsibilities of the overall team will not change.
