2 | Establish RPM User Access

The following individuals are to be granted RPM access. RPM permits the viewing of financial information at the plan level. Access also allows submission of contributions via the internet.

- RPM is intended for use by the employer, plan administrator, plan trustee or TPA. Participants can access their account(s) online at invesco.com/us.
- For employer sponsored retirement plans (401(k), Money Purchase, Profit Sharing, Solo 401(k), 403(b), SIMPLE, SEP, and SARSEP IRA plans), an RPM user name will permit an individual to access plan and participant information, submit and modify census data, submit contributions via the internet, and modify future investment elections. Therefore, RPM access should only be granted to financial advisors if they are functioning as the TPA.
- Once access is established, each user will receive a user ID and default password at the email address provided below in three to five business days after the form has been received by Invesco Investment Services, Inc. (IIS).
