The performance quoted is past performance and is not a guarantee of future results. Investment returns and principal value of an investment will fluctuate so that an account owner's units, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than the performance data shown. For up-to-date month-end performance information please call 877 615 4116, or visit collegebound529.com. Performance figures reflect reinvested distributions of the underlying security and changes in net asset value (NAV). No contingent deferred sales charge (CDSC) will be imposed on redemptions of Class C units following one year from the date units were purchased. Performance shown at NAV does not include applicable CDSC or front-end sales charges, which would have reduced the performance. Class I units have no sales charge; therefore, performance is at NAV. Returns less than one year are cumulative; all others are annualized. Index returns do not reflect any fees, expenses, or sales charges.
